What Can I do? Halliestock is produced by the LOVE, HALLIE Foundation, a group formed to help inspire and encourage young people to help other young people in need. Already Love, Hallie and its youth program, Hal's Angels, have raised thousands of dollars to rebuild an orphanage for AIDS orphans in South Africa. Currently, Hal's Angels are working to send bed nets to Africa to protect children from malaria. Check out the Veto the 'Squito [www.lovehallie.org/foundationprograms] campaign, if you're interested in helping.
