About the LOVE, HALLIE Foundation

Inspired by the life of Hallie Geier—who died in 2004 at age 11—LOVE, HALLIE promotes youth philanthropy. It encourages kindness and respect among young people and empowers them to take action to improve their communities and the world. LOVE, HALLIE uses educational programs, publications, and special events to pursue these goals at home, in schools, and in community-based organizations. These good deeds act as an antidote to the pervasive violence, anger, rudeness, and injustice in our society. For more information, go to LoveHallie.org
