LoveHallie.org

Every day, our sister and daughter Hallie motivates us to make a difference. Hallie loved to write in her journal, play with animals, and help others. In kindergarten, Hallie wrote in her notebook: "People, Be nice to each other. Love, Hallie." And later she saved \$398 of her lunch money to help children in sub-Saharan Africa. But on May 15, 2004, 10 hours after hip-hop class, five hours after a birthday party, and three hours after being struck by an SUV, Hallie, age 11, drew her final breath.

5 Reasons why it rocks to be a Hallie's Angel...

Hallie inspired us to create the LOVE, HALLIE foundation and its youth division, Hallie's Angels, to help young people improve their communities and the world.
